(b)(6);(b)(7)(C) – See below. When we had USACE do the review for the locations in question from WBTW (incoming attached again for ease), they identified 5 landowners. The tax records below show something different. It won't change our answer in the short term, but C2 has a call with Kobach tomorrow. Can you get with USACE and see if you can deconflict our understandings at least enough to provide C2 with an interim response before his call with WBTW tomorrow?

(b)(6);(b)(7)(C)

Thanks for emailing the letter to me. I wanted to get back to you right away about one matter though. There appears to be a miscommunication. The Perez letter says that 5 land owners own border land between (b) (7)(E) NM, and Texas. That is correct. However we are only referring to the land that is owned by the United States of America and starts at (b) (7)(E) and ends at (b) (7)(E)

County tax records clearly show that to be the property of the United States government. See below. The narrow strip in blue is listed as property of the United States, as is the (b) (7)(E). Could you please have the relevant CBP people review this and either confirm those records to be correct, or let us know if you believe these county records to be wrong.

Assuming that can be done within a day, so we have the correct information, I would like to speak with Mr Perez tomorrow at a time that suits him. Please let me know any times that might work.

Thank you for your assistance.

Mr. Kobach,

Good afternoon. My name is (b)(6);(b)(7)(C) and I am the Special Assistant to U.S. Customs and Border Protection Deputy Commissioner Robert E. Perez. Attached you will find a letter for your reference, please note an original is being mailed to you as well. A CBP team will be reaching out to you soon to discuss this topic further. In the interim the Deputy Commissioner asked that I relay that he is available to speak with you at your convenience, should you have any questions or concerns.

Please feel free to contact me directly and I will be happy to coordinate further.

(b) (7)(E) - I spoke with USACE about the landownership within the coordinates provided in Mr. Kobach's letter (start (b) (7)(E) stop (b) (7)(E)). Based on USACE's preliminary survey work they provided the attached map which shows the Roosevelt Reservation does exist in this area. As you will see in the attached PDF, there are areas to the east of the provided coordinates where the Roosevelt Reservation does not exist. It appears the preliminary tax record information I pulled did not accurately reflect where the US Government property was located. USACE is still finalizing their official title review but their initial information appears to validate Mr. Kobach's research.
